ATTENDANCE

Attendance Philosophy

Parents have a full time job of making a living for the family. They take vacations, pleasure trips attend movies, clubs and other such events only as their jobs permit.

Similarly, students have a full time job of going to school and earning an education. They should take vacations, pleasure trips, attend movies, and other events not connected with school only as their job of going to school permits.

Good attendance is very important. There is a close correlation between attendance and achievement in school. A student should not be absent unless it is absolutely necessary.

I. Attendance

- A. It is assumed that if a student leaves school without permission, he or she has withdrawn.
- B. If a student needs to leave school during the day, permission must be obtained from the Principals' Office. The student will then sign out.
- C. If a student arrives late to school, he or she must sign in at the Principals' Office.

II. Excused Absence

- A. An excused absence is given for the students illness or a death in the immediate family. A. student shall be permitted to make up the work for full credit in a reasonable length of time, depending on length of illness, i.e. (1 week for 1 week of illness). Failure to comply will result in a failing grade for the work not made up. The student must take the initiative and be responsible for his own make-up work.

ATTENDANCE (continued)

III. Admission to class after absence

- A. After each absence from school, a student must secure an admit slip to present to each classroom teacher for re-admission to classes or study halls. These admit slips must be initialed by each class teacher each period. The last period teacher should keep the admit slip and return it to the office.
- B. In order to obtain an admit slip, a student must present a note signed by his parent explaining the absence. This note is a legal document.
- C. If the student does not have a note, the absence is unexcused until a note or an explanation may be obtained from the parent.
- D. Students should present the note from their parents and obtain their admit slip before school begins in the morning. The designated area is in the southeast foyer in back of the gymnasium. The Assistant Principal will handle this procedure.

IV. Unexcused Absence

- A. A student may be unavoidably absent occasionally, for a reason the school cannot accept as a legitimate excuse. Such absences will be treated as unexcused absences. A student will not be allowed to make up work missed if the absence is unexcused, and will not receive any credit for work done during absence.

V. Pre-Arranged Absence

- A. Pre-arranged absence must be arranged by the parent in advance, in writing or by telephone. This should happen only on occasion. The student will be allowed to make up the work.

VI. Early Dismissals

- A. Students desiring to leave school early for a special appointment such as medical, dental eye doctor or automobile drivers license test, must bring a note from their parents and secure an early dismissal slip before school begins.

VII. Truancy

- A. Truancy is considered (1) absent without the consent or knowledge of the parent, (2) leaving school for a portion of a school period or more without the proper permission through the PRINCIPALS' OFFICE.
- B. Truancy is a serious offense. For each case of truancy, a student will receive a failing grade for work missed and a disciplinary penalty up to and including expulsion from school.
- C. Students who are absent from school for sickness and later found to be working or in attendance at a school function after school hours, will be given an unexcused absence.

VIII. Tardiness

- A. It is the responsibility of the student to arrive at school on time and to get to class on time. Excessive tardiness will result in a disciplinary action.

THE GUIDANCE DEPARTMENT

The function of the Guidance Department in the Avon school is to help Avon students make satisfactory adjustments in regard to their needs, interests and capabilities.

In order to do this, many things are involved. The first of these is Program Planning.

I. PROGRAM PLANNING

Perhaps the biggest question in your mind is, "What will I do when I leave high school?" The Guidance Department tries to help in this respect by the use of several different devices. These include tests of different kinds, conferences with you or/and your parents, the use of materials in the Guidance Office, and visitations. Program planning by the student well ahead of the next semester is recommended and will solve many problems relating to the proper course of study to pursue. By careful thought and consideration, you will be better enabled to get the subjects that you want and need. Your program should be gone over at home with your parents along with your counselor at school. Once your schedule for the next school year has been made, after careful thought, having talked it over with your parents, and finally set by you and the Guidance Office, no change will be made in your program, unless an error is discovered which would affect credits, graduation or college requirements.

II. DROPPED COURSES

Students may drop a course and substitute another - after school has started - up to September 12 - IF APPROVED by the Guidance Office and/or the PRINCIPAL.

III: CONFERENCES

Conferences with students about your school work and matters pertaining to it are always encouraged. This may be done during study halls or by appointment after school. All conferences are strictly confidential between you and your Guidance Counselor. Parents are welcome to these conferences if the student wishes or if the Counselor deems it necessary. You are not to cut classes to go to the Guidance Department for a personal conference. On rare occasions it may be necessary for the counselor to call you out of class.

IV. COLLEGES, UNIVERSITIES, AND VOCATIONAL SCHOOLS

The Guidance Office has a large library of school and college catalogues that we try to keep up to date. If you do not find the one that you are looking for, check with the Guidance Office secretary and she will try to get it for you.

GUIDANCE DEPARTMENT (continued)

(Colleges, Universities, and Vocational Schools)

It is best to check on the college, university, or vocational school of your choice early in your high school career. Even though you may change your mind about your future life's work and your choice of schools or vocations, it is a good idea to have a definite goal in mind. A visit to the campus of the school in which you are interested is extremely desirable..

V. VISITATIONS

Schools and colleges of higher learning welcome your interest. Arrangements for a visitation should always be made well ahead of the time for it. This is just common courtesy. Visitation of vocational schools, colleges, and universities is discouraged during the time that Avon High School is in session during the week. Visitations may be arranged on week ends or vacation periods. Many of our schools have regular visitation days. Please keep the Guidance Office informed of any intended visitation that you intend to make to a school of higher learning. In fact, the Guidance Office will make arrangements for the visitation, thus insuring a more enjoyable and rewarding experience.

VI. WORK PERMITS

Students desiring work permits may obtain a card from the Guidance Office "EMPLOYERS INTENT TO EMPLOY" which he must have his intended employer fill out, parents sign, and take to the office of the School Superintendant, along with his birth certificate. the work permit is issued in that office.

VII. STUDENT ASSISTANTS

Any student who desires to be a teacher assistant, library assistant or nurses assistant, should apply through the Guidance Office.

VIII. WITHDRAWAL FROM SCHOOL:

If for any reason you find it necessary to withdraw from school, please go to the Guidance Office for the necessary withdrawal forms. This will insure that your records will be kept intact and up-to-date. It will also be of great help to you when you are transferring to another school. If you intend to drop out of school or know of someone in our student body that intends to withdraw, please inform the Guidance Office. Your school record is very important to your future life's work. Be sure that you keep it correct and up-to-date whether you intend to go on to college or not.

GUIDANCE DEPARTMENT (continued)

IX. JOB PLACEMENT

Students desiring jobs during the summer or after graduation should contact the Guidance Office early in the second semester.

X. FILES:

The files in the outer office of the Guidance Department are for your use. You will find a wealth of material on vocations, the Armed Services, and colleges.

XI. TESTS

Several different types of tests are given by the Guidance Department. The results of these tests are used by the Guidance Counselor in private conferences with you to help you plan your program and to find out what you are best suited to do. Never treat these tests lightly as they are a part of a total reflection of YOU. It is not necessary to cheat on any of these tests because by so doing, you are merely cheating yourself. The scores are confidential and never appear on a report card. They are used as a toll as a means of self evaluation of yourself.

XII. GENERAL

You are encouraged to make use of the Guidance Office and its personnel for your own best interests. If you have a problem that is causing you trouble, it is wise to talk them over with a counselor in the Guidance Department. Mrs. Shockley has the 8th, 9th, and 10th grade students and Mr. Long has the 11th and 12th grades. If either of the counselors are busy and the problem is pressing, feel free to discuss it with the other counselor.

<u>Subject</u>	<u>Credits</u>	<u>Units</u>
Math	2	1
Science	2	1

Majors and Minors

- I. A major consists of 3 units or 6 credits in the same subject field.
- II. A minor consists of 2 units or 4 credits in the same subject field.

A student should select his curriculum carefully. This choice should be based on the future plans of the individual. If the student desires to go on to higher education or pursue a vocational career, thought must be given to the subjects needed. The Guidance Department will help the student make a wise choice.

SCHOOL LIBRARY

We have a very fine library in the Avon High School, with a sufficient number of reference books, magazines, periodicals, etc., for your use, both in your scholastic endeavors and for your general reading pleasure.

Having such a library at your disposal is a privilege which you must respect, by honoring the rules, taking proper care of articles used, and returning them at the proper time.

A library is a place where most students go to find reference materials to use in their pursuit of learning. By necessity, a quiet atmosphere must prevail, in order that these students may concentrate. Do not disturb those students who are making every effort to study, by talking or distracting them in any manner. Show your good manners and courtesy, by extending your respect to your fellow students as well as your librarian.

There is a charge for over-due books or damaged or lost books. It is the policy of the school to withhold report cards from those students who owe library fines or have over-due books, until they are cleared with the librarian. Save yourself being placed in this position by observing the rules of the library.

LUNCH

Cafeteria

- I. Eighth graders must eat their lunch in the school cafeteria, whether you bring your lunch or buy it at the cafeteria. Lunch tickets for grades 8-12 are priced at \$2.00 for a five day ticket, and these tickets are good for any days meal and may be used any time for meals. There will be no single day tickets.
- II. Grades 9 - 12 may bring their lunch, buy it at the cafeteria, or walk to a nearby place to eat. If students leave the school grounds during their lunch period, they are expected to return on time. (Students are not to leave school during lunch hour in their automobiles).
- III. All trash must be deposited in trash containers. Noise must be kept at a minimum. Respect the cleanliness of the cafeteria by exerting every effort to keep the tables and floor clean. Students are not to eat anything in the building at any time except during the lunch hour in the cafeteria.
- IV. The gym will be free of gym classes during lunch hour. Return to the gym after you have eaten to visit or when it is your turn, to participate in noon intra-murals.

SCHOOL NURSE

The office of the school nurse is located in the annex (the east building - room 21)

The nurse will be in her office in this building each day at 11:00 for consultations. Student Assistants will be on duty throughout the day.

Any student who wishes to see the nurse should request permission at either the office of the Principal or the Assistant Principal.

ACTIVITIES PERIOD

Activities period will be for thirty minutes between the third and fourth periods. When you have a club or class meeting, you are to go directly to that meeting. Attendance will be taken in home room and at other meetings. If you belong to a club, you are expected to attend all meetings. If you have no meetings to attend, then you are to be in the home room for a study period or for home room discussions.

ANNOUNCEMENTS

Announcements regarding activities of the school will be made over the intercom system at the end of the third period each day.

All announcements must be approved by either the Principal or the Assistant Principal, and should be in the office the day prior to the day on which you wish to have the announcement made. No announcements of a personal nature (such as lost articles) will be made.

SCHOOL CITIZENSHIP

Rules and regulations are made for the benefit of the entire student body. A rule or regulation is not made unless a situation arises which makes it necessary. The fewer rules we must have, the better; however, if a rule is in effect, it will be enforced by whatever means is necessary.

Most students conduct themselves as ladies and gentlemen, with courtesy and cooperation being the prevalent atmosphere.

Suggestions and Rules concerning desirable behavior are listed:

I. In the Classroom

- A. Be in your seat when the tardy bell rings.
- B. Do not leave the classroom until the teacher dismisses you. Remember it is the teacher and not the bell who can dismiss a student.
- C. Write on the paper provided or a scratch pad -- not on the desk.
- D. Have the textbooks and materials necessary with you when you enter the classroom.
- E. Volunteer to recite and listen to your fellow student as he recites.
- F. Refrain from chewing gum or eating.
- G. Help make the classroom a pleasant place to work.

II. In the Corridors

- A. Walk, do not run to your classes.
- B. Keep to the right in meeting people on stairs or in the hall.
- C. Our halls are narrow, so keep moving so as not to create a bottle-neck or traffic jam.
- D. Talk with your friends, but do not shout or whistle.
- E. Scuffling or "horseplay" will not be tolerated.

ATHLETICS

Avon High School offers an opportunity for boys to participate in one or more of the following inter-school sports: baseball, basketball, cross country, football, golf, track and wrestling.

Girls have an opportunity to participate in GAA activities.

Scholastic Eligibility for Athletics

A student must have earned at least four credits in full credit classes during the second semester of the past school year in order to be eligible for the first semester of the present school year. To remain eligible during the first semester, a student must be passing in at least four full credit courses at the end of each of the first and second grade periods.

To be eligible for the second semester, a student must earn at least four credits in full credit courses during the first semester and maintain passing grades in four or more full time classes during the fourth and fifth grade periods.

Scholastic eligibility will be checked on each day grade cards are issued. A student found scholastically ineligible at such a time shall become ineligible to participate in inter-school sports until he has regained scholastic eligibility.

Residence Eligibility

A student must be living inside the Avon Community School Corporation district with his parents or legal guardian appointed by the court. A student who transfers to Avon High School from another high school without a corresponding change of residence on the part of his parents or legal guardian is ineligible for athletics until he has attended Avon High School for one calendar year.

Conduct at Athletic Contests

- A. Respect the decision of the officials.
- B. Remember -- you reflect on your school, your family and your community.
- C. GOOD SPORTSMANSHIP IS THE BY-WORD OF ALL AVON ATHLETIC BOOSTERS!

ATHLETICS (continued)

CHEER LEADERS
