Dear Mr. Parsons:

In keeping with your suggestion, I visited your school library at Avon. It is very superior to most other schools of similar size, and compares favorably with some of our good county seat libraries.

Mrs. Hamblen, your librarian, has done a very fine job of selection, and you have responded to the need of the children by furnishing the money. I am sure the parents are very appreciative of the efforts of both.

Very sincerely yours,

Clement T. Malan
