"I am sitting on the dock
5 or 6 hundred feet out in the
sound, watching the great
ocean steamers come in
and go out, just came in
at noon will go out to fair
tomorrow this is the finest
place I ever saw the great-
ness of it all is I watched them
cutting away the mountain to
make the city bigger doing all
the work with a stream of
water that tore out rock dirt & all
and carried the dirt out in the ocean
Mr. & I still sneeze but are better
